

A SUNTEX MARINA

Letter from the General Manager:

Welcome all new boaters to the York River Family and welcome back to our returning customers! We are very excited to start the 2019 boating season and look forward to seeing everyone out on the water very soon!

Since May has been beautiful, many of you have taken full advantage of the warm weather and spent your days out with your boat. The service department has been extremely busy with the goal of getting boats ready by Memorial Day Weekend. A friendly reminder to please check that all safety equipment is up to date and has not expired. We are always happy to help with electronics and navigation systems, boat handling, rules, and general boat maintenance and up-keep.

If you need any new equipment, please stop by our fully stocked Marine Center Store for anything you made need.
